

GALBRAITH TO RETAIN LEGAL AID IN TAX SUIT

Phoenix, Ariz., Jan. 12.—In reply to a letter from the state tax commission, attorney general W. J. Galbraith wrote the commission he concurred with the commission to the extent of retaining at least one of its special assistants in the million dollar litigation with the Inspiration Copper company. The mining company is seeking to recover a portion of taxes paid in past years. The attorney general previously had revoked the appointment of H. W. Kramer and Alexander Baker as assistant attorneys general. They had been special counsel for the tax commission.

Attorney general Galbraith agreed in his letter that it would be false economy to turn the litigation over to attorneys unfamiliar with the case but he did not believe it would be proper to retain two lawyers the entire year. He also suggested that now was the time for the new members of the attorney general's office to begin to familiarize themselves with the legal aspects of the tax commission's office at the same time that new members of the tax commission are learning their duties.

"Otherwise," said the attorney general's letter, "by inference at least, Kramer, Baker and Alexander will continue to have to be the lawyers for the tax commission for the rest of their lives."

It does give positive relief. Thousands say so. So will you. For a fine literature take Good's pills.—Adv.

Letters of Gratitude

Eligible language and illustrations in advertising may appeal to many, but after all it is the honest, sincere letters from women, overflowing with heartfelt gratitude for health restored by Lydia E. Pinkham's Vegetable Compound, that convince other suffering women that there is a medicine that will help them also. Many such letters are being published in this paper from day to day, and it is to give this old fashioned root and herb remedy a trial.—Adv.

In Using Long Distance—

In placing a call to a distant point, thought should be taken of the convenience of the person called, and of others who wish to use the line.

It isn't a kind act to place a long-distance call and then leave your telephone before connection is made with the distant person. For instance, you place a call for a busy man in Busville. Then you leave your office. Meanwhile, the Busville man is called, he answers, the operator rings your telephone and there is no response, or she is told you have stepped out. It is not only annoying to the person called, but others who are waiting have been delayed in securing the circuit.

If you MUST leave the telephone before the call has been completed, please notify "Long Distance" at what telephone you can be called. This will prevent inconvenience to the person called, and will conserve the use of long-distance facilities.

Each subscriber is an essential factor in good telephone service, and we will greatly appreciate during this year, as in the past, your doing your part in the use of your telephone, and your friendly attitude towards our efforts to make the service the best possible.

By the Way—

Are you taking advantage of our reduced Evening and Night Rates? Between 8:30 p. m. and midnight, station-to-station calls—that is, calls for numbers only and not for a particular person—are ONE-HALF the day rate. Between midnight and 4:30 a. m. such calls are ONE-FOURTH the day rate.

TRY THESE RATES ON YOUR TELEPHONE.

Silver City Strollers Ready For Their Debut In El Paso

MRS. LETTIE TERRELL.

REHEARSALS have been completed by the Silver City Strollers who are to give two performances in El Paso this week. The title of the show is "The Girl From Paris." It will be presented at the Crawford theater, January 12 and 14.

Reports from Silver City say this show is the most pretentious yet attempted by the strolling players, giving wide opportunities for displaying talent in both singing and dancing. The show was well received in Silver City.

The leading role in the cast is taken by Mrs. Lettie Terrell, as Julie, the bewitching Parisienne, has a part added to suit her splendidly, and gives opportunity for the display of her finished skill as an actress and as a dancer. Her specialty dance is one of the features of the evening.

Wonderful grace and a remarkably finished performance are said to characterize the appearance of the dancing chorus, led by Dorothy Powell, whose eccentric dance is one of the delights of the show.

The solo work is taken care of by Miss Dorsey McCreath and Miss J. J. Thurman, aided by an excellent singing chorus composed of Hazel Murray, Helen Spitzley, Mary Kellahan, Gloria Crawford, Edith Staley, Elizabeth Rodenbough, Neely Bassett, Ernest Russell, Nelson Saunders, William Ward, John Blackwell and William Wyman.

Bobby Mitchell, in the role of Auguste Premier, a French spy, in his duet with Miss Thurman presents one of the musical gems of the show, it is claimed.

Wayne Wilson, Miss Isabelle Bekins, Harry Burgess, Burton Bunch, Mary Edkins, Edith Ward, James Royall, Joe Ferron and Nelson Saunders are other members of the cast, whose efforts help to make it a success.

INCOME AND PROFITS TAXES SHOW INCREASE IN NOVEMBER

Washington, D. C., Jan. 12.—Collections of income and excess profits taxes for November increased by more than \$25,000,000 as compared with November, 1919, according to reports made public by the bureau of internal revenue. Receipts were \$76,212,515, as against \$51,749,320 for the same month of 1919.

Accruals received by the bureau for the month from all sources totaled \$137,083,041, an increase of more than \$22,103,900 over November, 1919, but the aggregate receipts from the beginning of the fiscal year, amounting to \$1,573,582,416, fell off by more than \$12,585,210 as against the corresponding period of 1919.

EL CENTRO MAN CHARGED WITH THEFT OF AUTOMOBILE

Phoenix, Ariz., Jan. 12.—Los Angeles and El Centro officers have left here, having in custody Bobby Beck and W. F. Hodge, charged with conspiracy in connection with the theft of an automobile in El Centro and its transportation to Arizona.

According to federal officers, the men said they entered into an agreement with an El Centro man, whom they named, to steal his automobile after he had procured insurance for above its value.

ARIZONA BOARD URGES HIGHER TAX ON AUTOS

Phoenix, Ariz., Jan. 12.—Taxes on mines, automobiles and foreign corporations were mentioned in detail in the report of the state tax commission to the governor and the legislature.

The commission renewed its recommendation for an increase in the amount of the motor license tax to be paid into the state road fund. A bill for that purpose was submitted by the commission and the assessors to the legislature.

"It failed of passage," said the report, "because most of the members of the commission having the honor to consider automobile owners and declared they were paying about all the taxes they could stand. As it happened, they were large taxpayers but short-sighted. They failed to recognize the fact that by their act they were letting off large numbers of automobile owners who paid no other taxes but who tear over the roads recklessly, causing damage, death and expense. The more taxes paid by automobiles into the road fund the less other property will have to pay."

The commission also recommended that the legislature enact a law giving the state tax commission authority to tax foreign corporations doing business in Arizona. It stated the commission had worked out a practical method of assessing these corporations and finding Arizona's proportion of the assessments and made reference to the case of the Standard Oil company under litigation.

Methods of classifying producing mines for 1920 are discussed in some detail. The report asserts that since no new producing mines have been brought in during the last two years and since a lack of market for product has resulted in closing several mines that have heretofore been producers of considerable magnitude, the duty of arriving at an equitable valuation of these properties will be one of the perplexing problems of the incoming tax commission.

APPELLATE COURT UPHOLDS DECISION IN CONTEMPT CASE

Chicago, Ill., Jan. 12.—The decision of federal judge Carpenter sentencing Hector Elwell, city editor of the Chicago Evening American, to an indefinite period in jail and a fine of \$500 for failure to reveal the source of his information concerning proceed-

ings of a grand jury, has been upheld by the United States circuit court of appeals. Attorneys for Elwell announced they would petition for a rehearing and carry the case to the United States supreme court, if necessary.

The court of appeals ruled that Elwell should have answered at least in part the questions of Judge Carpenter's questions to enable the judge to decide whether the defendant would be incriminated.

What is MOTHER'S FRIEND

Simply and tersely stated, MOTHER'S FRIEND is just exactly what the name implies—a friend and help to mothers. It has been made and sold for more than half a century. If it did not possess the value claimed for it, MOTHER'S FRIEND could not possibly have remained on the market. For only that which is really worth while and beneficial can survive.

The mothers who appreciate MOTHER'S FRIEND the most, and who are loudest in their praise of it, are those who unfortunately did not use it with their first baby, and who, through its use with the second one, were able to fully realize the relief it gave them.

DIDN'T EVEN NEED THE DOCTOR

"Dear Sir: I am writing and anxious to tell my mother about MOTHER'S FRIEND. It did me so much good that I wouldn't be without it if it cost \$4.00 a bottle. With my first two children I had a doctor and a nurse and they had to use instruments, but with my last two children I only had a nurse, we had no time to get a doctor because I was very sick and only about ten or fifteen minutes."

"Any mother can write me and I will only be too glad to give her advice. Yours truly, MRS. C. J. HARTMAN, 215 Palm St., Scranton, Pa."

SICK ONLY THREE HOURS, "MOTHER'S FRIEND" USED, COMPARED WITH FOUR DAYS SUFFERING WITHOUT IT.

"Before using MOTHER'S FRIEND I suffered from Wednesday till Sunday. With my next child I used MOTHER'S FRIEND and was sick only about three hours."
